

Southern Exposure Photographer Policy: *What You Need to Know (Updated 1/1/23)*

Southern Exposure welcomes photographers to visit our beautiful grounds for photo sessions by purchasing a day or season pass. We are a seasonal business open from the first week of April through mid-December. Our regular daily business hours during that season are **Wednesday to Sunday, 10:00 am to 6:00 pm.**

Note: *If there is an event in progress during your scheduled time, please manage your session so that you are not visible to our event customers.*

ONLINE SESSION RESERVATIONS

Available dates and times should be reserved by signing up through our online booking calendar found on our website at www.southernexposuregardens.com **Reservations must be made and fees paid at least 24 hours before arriving to Southern Exposure for your photo session.** Click on the Photographers menu at the top of the website to get started.

Fees: *(all fees will be paid online and are non-refundable)*

Day Pass - \$60

Season Pass - \$150

(season pass is good for unlimited available times for the 2023 season; April 1 - December 17)

PET POLICY

As fellow animal lovers we completely understand the desire to want to include furry friends in photographs. We are happy to welcome pets to the gardens for guests that observe the following:

- * We **MUST** be notified that a session will include animals 24 hours in advance. (We have a dog that roams freely on the property.)
- * Animals should be leashed, under owner control at all times, and cleaned up after.

Please Respect our Beautiful Venue:

It is a joy to share our gardens with the photography community and appreciate the amazing artistry and priceless moments captured here. Please allow us to continue this practice by leaving the gardens as you found them. If you turn on lights, or move items to stage photographs, please return everything to its original state and leave the flowers and plants in their natural home. The gardens are the product that we sell and the reason so many wonderful people come to visit. *Thank you!*

Share Your Photos:

We love to see all of the ways photographers capture the gardens. We greatly appreciate being tagged or mentioned in any photos posted to social media.
